

# Acid Evolution 1988–2003 vol. 1

Atom Heart

LP – LOG 046LP – 2005 – N/A

2XLP vinyl 8 tracks version from the Atom Heart's fake compilation "Acid Evolution 1988–2003" which is actually a concept album entirely produced by Atom Heart in which he charts the evolution of his acid productions up to the present day. 16 alter-egos born of pure acid imagination, psychedelic artwork, and above all, 16 tracks ingeniously created with the best production values of the time. The magic of the acid sound coupled with sophisticated and precise production make this project unique in its genre. Acid Evolution may well become known as a masterpiece in years to come...
